Racer Profile: Beverly Johnson Broady

How long have you been skiing? 41 years.

What is your motto? (1) Always Give Back! (2) What About Our Children? (3) The Youth are Our Future. (4) Each one - Reach one - Teach one.

What do you enjoy most about racing? I thoroughly enjoy having the whole ski run to myself, so that I can go as fast as I want to.

What is your favorite mountains? East Coast – Killington, VT; Rockies – Copper Mountain, CO; Western Rockies – Whistler Blackcomb, British Columbia

Who contributed to your success in ski racing? Doug Webber gave me my FREE Black Ski lesson and saw my race potential at Seven Spring, PA. Spyder (deceased) hailed from the NBS Western Region provided advice on skiing moguls with rhythm. Kenneth “Sleepy” Dawson inspired me to take the United States PSIA training courses at Ski Liberty. Jimmy Thorne enrolled us in the Washington Skiers International (WSI) Ski Council regional races. Mike Lanier encouraged me to join USSA and enroll in the coaches and officials training courses.

What year did you ski the most and how many days on snow was it? In 1993, I spent a week in Cortina, Italy; I coached during the summer with NBS youth in Chile, South America; and I often would carry my skis on business trips.

What brand and length ski do you race on? My favorite brand of ski is Rossignol. My longest ski was a 201 cm Giant Slalom ski, my stiffest ski was a 198 cm Olin VI; my 198 cm ski was used for my mogul and slalom ski runs. I now ski comfortably on a 164 cm all mountain terrain ski.

What have been your most distinct regrets? I distinctly remember that I was too frugal to go helicopter skiing in Calgary, BC.

What was your most interesting or surprising signs while skiing? “Enter at your own risk – we do not come in to get you. You must have at least a 200 cm ski to enter this area.” At the time, I was on a 198 cm ski and heeded the warning.

What was your best race finish? Fastest Woman on the Mountain Award.

What was your most memorable race experience? My most memorable races have been when my son Reginald Johnson and I both took 1st place on the same course at the NBS Eastern Region Early Season Warm Up, and National NBS Races. I also enjoyed the team spirit back in the day with Marian Webber, Debbie Brooks and other strong Black Ski

women taking the 1st place podiums in most age categories to put our club in the winner's circle. We enjoyed the team spirit and camaraderie.

Which NBS Summit/AMCC did you enjoy most and why?

The 1979 NBS Summit in Sun Valley, Idaho. I won the 3rd place most outstanding woman skier competition award. Met three dynamic ski racing women (Helen Gentry, ski instructor - 1st place winner won a beautiful black mink coat), Laura Hardenbaugh, ski patroller (2nd place), I won the 3rd place and Jackie Bearden (placed 4th). All received large wooden plaques, a roundtrip United Airline ticket and a year subscription to *Essence Magazine*.

What little known facts about you would you like to share? Most of my learning to ski took place in Canada, where I got frost bite during “Learn to Ski Week.” While completing a portion of my Level II Coaches Training at Lake Placid, NY, I had the opportunity to set and ski a portion of a downhill practice race course for Picabo Street and other USSA Downhill Olympians. These practice runs were a send-off to the upcoming 1998 Olympians going to Nagano, Japan. It was there that Picabo Street signed my NBS Ski Team vest.

Fact Check: The main purpose of my ski poles is to help me with my balance when skiing? No. The main purpose of your ski poles is not to help with your balance when skiing, in fact we generally start kids off skiing without poles. The ski pole for alpine skiing is most importantly used for turn initiation. With both hands properly out in front of you with your elbows slightly bent, you use your ski poles to tap the snow on the side you want to turn. It is a timing mechanism to let your body know that now you will need to start the turning process by up-unweighting and rotating the hips and many other leverage points to begin your turn. The complex set of movements that comprise the turn all begin with the tap of your pole into the snow. Check out the following website to see a series of photos of a racers pole plant www.youcanski.com/en/coaching/pole_plant.htm Realistically adults would be better served if they started out learning to ski without poles; however since they are paying the bill we give beginner adults ski poles so they can feel more comfortable. If you want to make your limited time on the slopes more efficient, ski a couple of runs without poles. Your subconscious mind is much smarter than the conscious when it comes to figuring out proper body mechanics based on intention. You will naturally figure out mobility, turning, stopping and most importantly balance.

NASTAR Racing: Everyone is encouraged to get out and race NASTAR locally or anywhere in the country where it is offered. Your first race is on us. Every Black Ski member in good standing will be reimbursed \$10 for their first NASTAR race this season. Make sure to register your club team as “Black Ski”. Go to www.nastar.com for more information. Following is a list of local venues to race NASTAR: MD – Wisp • VA – Bryce, Massanutten, Wintergreen • WV – Snowshoe, Timberline • PA – Roundtop, Seven Springs Go Fast – Be Safe, **Mike “Geronimo” Lanier**, VP Adult Racing, Cell: (404) 275-0888 • Email: racing@blackskiinc.org

BLACK SKI YOUTH SOAR NEW HEIGHTS

WOW! Mother Nature and Old Man Winter must have gotten together at Six Flags because our weather has been a bit of a roller coaster. We started our race season in December during heavy down pouring soaking rains, remember then in January with arctic cold temperatures, then in February with the back to back giant snow storms and everything in between. Regardless of the weather, our six Black Ski youth racers trained every weekend with their Liberty Mountain Race Team (LMRT) coaches. They crisscrossed the State of Pennsylvania to follow their schedules to participate in USSA Pennsylvania Area Race Association (PARA) races. Our BSI youth racers muscled through to seek and conquer the challenges of race experiences and in some cases earned great results in their race finishes.

With that said, it's time to give **CONGRATULATIONS** to our newest Team NBS B members, **Zoe Crute** (U12). Zoe has been having an excellent Sochi moment of a winter season, making the podium in all three of her races so far (3rd, 1st and 3rd). She currently has the second highest number of

Derby (PA State Championship) points in the Central Region of the Pennsylvania Alpine Racing Association (PARA) and has enough points to qualify for Derbies,

which were the weekend of February 28 - March 2 at Ski Round-top. Before that, Zoe had two more regular season races, the weekend of February 15-16, at Tussey Mountain, where she continued her streak of podium finishes.

You may remember, Zoe's older brother **Alex Crute** (U16) last year stood on the podiums and then went on to the Francis Piche Championships. Well this year, Alex (also a member of Team NBS) stands on the competitive riveting edge of possibly being qualified again for his PARA Derby.

At the time of this article, they were finishing their USSA PARA streaks of placements for the LMRT Program or the thoughts of entertaining the logistics of an invitation for these athletes to participate in the National Brotherhood of Skiers AMCC training being held in Sun Valley, Idaho. Both Zoe and Alex Crute soared to new heights, remain focused, and they love to **Go FAST!**

All Black Ski Youth race athletes appreciate your support and **They Stand Proud As They Get Ready to Go!**

– Beverly Johnson Broady, BSI Youth Director
