## Black Ski Youth Moving Forward

The BSI Youth Program has made significant progress over the last several years. Just five years ago there were three (3) youth signed up for the youth program. These youth were taken to the mountain as part of the day trips put on by the club. The year was 2006.

During the year of 2007, ten (10) youth joined the youth program and we were able to establish four (4) formal training sessions in collaboration with Liberty Mountain who provided certified ski

instructors. These sessions were held on Sunday. Youth were divided by skill level (Intermediate Beginner, Intermediate, and Advance).

The next year (2008) the number of youth who joined the program increased to seventeen (17). Within this number we were able to get one (1) youth member on the Liberty Mountain Race Team (LMRT). LMRT is a certified USSA race program managed by certified race coaches. The program is designed to provide race training skills and techniques. In addition, we were able to attract three (3) snowboarders. The Mountain had to bring on more instructors particularly since we now had a large development team and snowboarders as well.

In the year 2009 total youth enrollment climbed to twenty five (25) clearly indicating that our program was taking off in a positive way. At this point we had five (5) youth who were considered our advance skiers. They had mastered most of Liberty Mountain and needed new challenges. So we had them tryout for the Liberty Mountain Race Team. All five youth were accepted on the team. In addition to the racers, the registration of the snowboarders had increased to five (5). Lastly, some of our youth were introduced to the Mountain's Saturday Program where they could also get an introduction to "Racing".

In 2010 with a little recruitment effort, youth registration soared to forty five (45). Within this number, we had four (4) racers who competed against race clubs from other Pennsylvania Mountains. Also, the snowboarders increased their numbers to seven (7). For the development team we increased the number of training sessions from four (4) to six (6). One other accomplishment was the fact that we successfully convinced Liberty Mountain to lower the minimum age from eight (8)

to six (6). This allowed us to recruit youth ranging from 6 to 17 with skill levels that ranged from beginner to advance. The Saturday program attracted more youth who were interested in learning racing techniques.

The 2011 season was marked with declining enrollment. Youth registration had dropped to 37. This was due in part to climbing unemployment and related financial challenges. However, we did not let this stop us. The number of racers increased to eight (8) and the number of snowboarders held steady at seven (7). Our advance racers had competed on more steep and difficult mountains. Finally, some of the BSI Development Team members have elected to double their training week sessions from four (4) to eight (8). This is definitely an indication of how excited the youth are about skiing and snowboarding.

The youth program has picked up a tremendous amount of momentum. Training for the racers starts in the middle of December and ends the middle of March. Training takes place

on Saturday and Sunday. The LMRT also offers a training camp before the season starts (early December) in Vermont and another ski camp during the Christmas holiday. For the BSI Development Team which includes snowboarders, training starts the beginning of January and ends early March.

During the ski season we normally invite the youth to the Eastern Regional Ski Trip called Winterfest. The purpose of this trip is to introduce our youth to a larger mountain with more difficult

trails and challenging terrain. This trip is usually held in New Hampshire, Vermont or Maine.

Over the last three years we also introduced another trip in New Hampshire called Youthfest. This is an invitational trip facilitated by the Boston Ski Party. The mountain is called Pats Peak. The youth that attend this trip also get ski instruction, introduced to professional skiers, USSA Olympic caliber racers, and attend clinics on how to care for ski equipment. More importantly, it's a great deal of fun.

All in all, a lot has been accomplished throughout the years, and a lot is yet to come.

— James Glover,  
Past Youth, VP

# NBS Western Region Winter Carnival '13 @ Squaw Valley

## January 16 - 21, 2013

Squaw Valley USA, site of the Winter Olympic Games in 1960, is a legendary vacation destination plunked down squarely at the end of a gorgeous Sierra valley. Squaw's terrain may seem endless to those trying to conquer it, with 33 lifts, including North America's only Funitel and an aerial Cable Car, access six peaks, 4,000 acres and 2,850 vertical feet of terrain. Squaw Valley's newest property, The Village at Squaw Valley has studios, 1, 2, and 3 bedroom condos each with CD/DVD players and dining room tables to accommodate the full occupancy of the condo. The Village is located at the base of the Squaw Valley USA's slopes and creates the pedestrian base village which plays host to over 30 shops, restaurants, and bars. The Village's many amenities include outdoor hot tubs, fitness facilities, a billiards lounge, movie/media room, laundry facilities, kid's game room, complimentary heated underground parking and free high-speed Internet access.

## FROM THE DESK OF THE PRESIDENT

### 40th Anniversary Celebration...Celebrating Our Past...Moving into Our Future

On **Saturday, August 18, 2012** our 40th anniversary was celebrated in **GRAND** style at the Renaissance Mayflower Hotel. In a period of less than 8 weeks our awesome anniversary committee, led by **Shirley France**, pulled together to sell and distribute more than 240 tickets online, at meetings and other places, and through the mail. **Val Peters** headed up ticket sales and recruited other club members and officers to sell groups of tickets and sold up to the very last minute including whole tables to many club members. **Phillis Cooke** recruited and organized volunteers who assisted in making the night a huge success and worked with **Shirley** to plan and organize the club jacket display and secure every club jacket we've worn throughout our 40 years. **Rod Quick** was responsible for selling ads for our very beautiful and profitable souvenir journal and was assisted by **Priscilla Fearington** who solicited the support of more than **145** patrons. **Marian Webber** planned the evening's program. **Vicki McGill** designed the event invitations, tickets and souvenir journal and planned and organized the "**Black Ski Museum**" that displayed our clubs many achievements over the past 40 years. Our volunteers for the evening included: **Shirley Ford, Consandra Fox, Al Fudge, Renee Fudge, Jackie Buise, Norma Payne, Dollie Huggins, Alice James, Priscilla Fearington, Gloria Savoy, Barbara Green, Vera Johnson, Debbie Davis, Michelle McLean** and **Hayward Hodges**.

Our celebrants were members and supporters who came from near and far including a couple who met at a **Crab Feast** many years ago who flew in from California as well as the couple who met at a **GenerationNext Happy Hour** and are now married and have a 3 year old who we hope will be out on the slopes soon! National Brotherhood of Skiers President **Diana Starks** presented us with a plaque commemorating our 40 year history and support of the NBS. **Carolyn "CC" Cunningham** was our excellent and often humorous Mistress of Ceremonies who lead our evening's program where we paid tribute to our founders – **Donny Claytor, Mickey Diggs, Furman Marshall, Lenny Milner, Ray Mott** and **Jimmy Thorne** for their vision which has inspired so many to try skiing for the first time and created a family atmosphere amongst so many who otherwise may not have ever met.

Songstress **Tami Hayes** commemorated the event in song and Club Member and **DJ Charles Harwood** provided a great variety of music that kept everybody on the dance floor for more than 2 hours. **Rick Lee** of **Lee's Flowers Shop** donated our wonderful floral centerpieces. Ladies and gents got their **dance cards filled** and tables came to the floor in droves for the "**jacket dance**." Thank you to all who attended, supported and advertised, if you were there you know what a great time we had! If you missed the festivities copies of our souvenir journal will be available at upcoming club events.

### Black Ski 2012 CRAB FEAST!!!!!!

Well 18 plus years and we are still going strong! What a beautiful day for a **Crab Feast**. All you could hear was laughter and see plenty of smiles. The weather was gorgeous, burgers and dogs were grillin', fish was fryin', and the crabs were crackin'.

We introduced fish this year and from what I could hear it was a **HIT!!!!!!** Yes, I know some of you missed the ribs that Lefty's is so well known for. Next year I will plan for half fish and half ribs and all the other fixins' of a great crab feast. **MARK YOUR CALENDARS FOR NEXT YEAR: JULY 7, 2013.**

I want to thank everyone who came out to make this another successful year. And thanks all my Black Ski volunteers who give of themselves to make it possible **EVERY YEAR** it could not be done without you.

– **Darlene Bing**, Crab Feast Chairperson

## NBS-ER Summerfest in Punta Cana

August 7 - 14, 2012 - Black Ski members descended upon the Beautiful **Meliá Caribe Tropical All Inclusive Beach & Golf Resort** at **Playa de Bávaro, Punta Cana, Dominican Republic**. The resort was huge and provided something for everyone's taste. If you were into **volleyball** or **soccer** you could play on the beach everyday...**Foodies** got to chose from a variety of international cuisines...**Swimmers** had the option of taking a dip in 10 different pools as well as the clear blue waters of our exclusive beach...there were various **activities** everyday including dance and craft classes, free water sports including kayaking, paddle boating, sailing, etc...**Naturist** had plenty of beautiful fauna and flora to take in as well as flamingos, peacocks and other birds. And a resort train ran regularly throughout the day to get you where you wanted to go.

The NBS-ER planned an Evening in White, Catamaran Cruise, Nite Club Night, Welcome Party and Happy Hour for all to enjoy.

### Quotes from Attendees:

- I loved the all inclusive choices of restaurants as well as the many amenities at the resort such as spa, pool, casino, dance clubs, and numerous bars. I really enjoyed the happy hour, boat ride, volleyball on the beach, and white party with the Summerfest group.
- The trip was well organized. The transfers to and from the resort were on time. There were plenty of activities to participate in. Great food, great nightly entertainment.
- Overall the trip was very, very nice. The resort was beautiful, the staff was very accommodating and friendly, good transportation was available, the food was great and the all inclusion feature (including drinks!) saved money. I'm very glad I went.
- Thanks for planning a great trip! I had a wonderful time. The resort was very beautiful, peaceful, with many activities for fun and relaxation.

## August "Social" General Body Meeting

**August 28, 2012** more than 50 club members and supporters enjoyed a very social meeting at **Lounge 201** in Northeast DC. Trip directors spread the word and answered questions about our trips, club officers

chatted with our attendees, we celebrated August birthdays with cake, many enjoyed hors d'oeuvres, and drinks and we all had a great time. Lots of members encourage more meetings

in this format...so be on the lookout for information on future "Social" meetings.

## Update Your Membership Information

Recently we have received a lot of returned mail, much of which has been for those who have moved since they first joined, lifetime members and some who normally receive the Hot Wax via email. If you know of any current member who hasn't been receiving regular mailings or has relocated please encourage them to use the membership application either in the newsletter or on the Black Ski website to send in their updated information either by mail to the PO Box or turn it into **Beverly Fields, Membership VP** at a meeting or Black Ski event or send an email to **membership@blackskiinc.org** with your updated information. We definitely want to make sure that none of our members miss any of our information about any upcoming trips, parties or other activities. On page 17 of this issue you will find a list of the members who we don't have any contact information for who we would appreciate your assistance in locating.

## How to Train for a Century Bike Race

In sports, as in life, the challenges always lie in the next step up. If you enjoy cycling, you might first go faster, then go longer and then end up staring at a century ride race registration form with a bewildered look on your face. But, take heed, because according to Edmund Burke, author of “The Complete Book of Long-Distance Cycling,” if you are able “to average 35 miles every other day for several months,” then you’re ready for your first century ride.

### Step 1

Build your base by gradually increasing your daily and weekly mileage. The rule of thumb of exercise increase is no more than 5 percent per week. If you are riding 10 miles at a time, add about half a mile per week to that in this base-building period. If you are already inching up to the 20 mile mark each ride, increase your ride by 1 mile.

### Step 2

Increase your intensity each week. As your body naturally adjusts to your weekly mileage increases, it will be time to begin amping up your intensity level. Adding a speed session to your training regimen or challenging yourself on a hilly course every two weeks will keep your body from getting complacent with long, slow distance at the same speed and intensity day in and day out.

### Step 3

Slow your pace down and ride on a flat, easy course one week a month. Lance Armstrong and Chris Carmichael, co-authors of “The Lance Armstrong Performance Program,” recommend that these recovery rides be performed at 60 percent to 65 percent of your maximum heart rate.

To calculate your maximum heart rate, subtract your age from 220. For instance, a 32-year-old would have a maximum

heart rate of 188 beats per minute. Multiply 188 by 0.6 and you have calculated that 60 percent of this 32-year-old’s maximum heart rate is 113 beats per minute. For the 32-year-old, the week of recovery rides will be performed slow enough to keep the heart rate beating in the 113 to 122 range. From those examples, you can calculate your own target for beats per minute.

### Step 4

Get plenty of rest throughout your training and eat clean foods in order to fuel your workouts. Cycling is a sport for fueling on the go because you can continuously drink from a water bottle and eat bars and other quick snacks. The authors of “The Performance Zone” recommend that in training and on race day you should “drink at approximately the same rate as you sweat.” Keep the water and electrolyte-enhancing drinks flowing continually, particularly in warmer weather.

### Step 5

Train at your pace. Unless you are ultra-competitive, the point of your first century ride is to prove to yourself that you can go the distance. Enjoy the journey as well as the goal.

### Tips and Warnings

- Padding cycling shorts are also highly recommended at this distance. You don’t have to have them in order to ride, but your buttocks will thank you for them.
- Consult your family doctor to ensure you are in good enough health for this undertaking.

## BLACK SKI, INC. TERMS & CONDITIONS STATEMENT

WASHINGTON D.C.

Effective 9/1/00 Anyone going on a weekend or longer trip must be a club member.

An initial deposit per person is required to confirm your reservation. A non-refundable deposit fee of up to \$250 will be assessed if cancellation is received after date specified on trip flyer.

### PAYMENTS

The payment schedule outlined on trip flyer must be adhered to unless arrangements are made with the Trip Directors. Failure to receive payment by date specified may cause loss of reservation (see cancellation for non-payment below). Monies received within thirty (30) days of the trip date will only be accepted in the form of a money order, certified check or cashier's check. No cash or personal check transactions will be accepted.

### CANCELLATION

(a) Request for cancellation: A request to cancel from a trip must be in writing and directed to the Trip Director. The participant by voluntarily requesting to be canceled from the trip will be assessed the non-refundable deposit fee (as specified on trip flyer) plus any payments that have been made to vendors on his/her behalf. (b) Cancellation for non-payment: The participant is required to adhere to the trip's published payment schedule. If adherence is to the contrary, you will be notified in writing after you have missed two consecutive scheduled payments. The participant will be allowed fifteen (15) days to bring his/her scheduled payment plan up-to-date. If payment is not received after notification, all monies may be returned to the participant minus the nonrefundable deposit fee plus any payments that have been made to the vendors on his/her behalf.

### REFUNDS AND TRANSFERS

**Black Ski Inc.** will make all attempts to refund participants whenever possible. Refunds will be made only after suitable replacements are found. Participant transferring funds from one trip to another must do so in writing and have authorization from both trip directors.

### TRIP INSURANCE

The purchase of trip cancellation/interruption insurance is recommended and is usually available for a nominal fee.

### ROOM ASSIGNMENT

**Black Ski** will attempt to honor all requests but reserves the right to make changes.

### SKIER'S RESPONSIBILITY CODE

1. Always stay in control and be able to stop or avoid other people or objects.
2. People ahead of you have the right of way. It is your responsibility to avoid them.
3. You must not stop where you obstruct a trail or are not visible from above.
4. Whenever starting downhill or merging into a trail, look up hill and yield to others.
5. Always use devices to help prevent runaway equipment.
6. Observe all posted signs and warnings. Keep off closed trails and out of closed areas.
7. Prior to using any lift, you must have the knowledge & ability to load, ride and unload safely.

**Black Ski, Inc.** is not liable for irregularities, loss, injury or damages to persons and/or property during the trip. The participant accepts that there are risks inherent in skiing and adventure activities and hereby releases Black Ski, Inc. from any and all liabilities.

I accept, acknowledge and understand the Terms & Conditions Statement stated above.
